OPIOID ACTION COLLABORATIVE

Changing Communities and Saving Lives

Designed to empower coalitions and equip them with tools to drive change, these classes provide a platform for peer-to-peer learning and sharing among community coalitions and healthcare providers.

Participants will learn new techniques and interventions that they can apply to improve opioid related outcomes in their communities.

LEARNING COLLABORATIVE OBJECTIVES

Identify key organizational roles and resources within their community coalition

Discuss the importance of language in treating substance use disorders (SUD)

Identify supporting resources and tools for implementing evidence-based interventions into their care setting

DATES AND REGISTRATION

Occurs the second Wednesday of each month at 10 a.m. MT / 11 a.m. CT February 9, March 9, April 13, May 11, and June 8 **Register here**
