

IT MATTTRs™ Team Training

Join Us for a 5-week Learning Series

Need to give your patients with opioid use disorder (OUD) a lifeline? Considering offering medications for OUD (MOUD) in your practice? Telligen has been certified to teach the University of Colorado Department of Family Medicine's **Implementing Technology and Medication Assisted Treatment Team Training (IT MATTTRs™)** curriculum.

What is the IT MATTTRs™ Team Training?

The Medication Assisted Treatment (MAT) Practice Team Training will help you:

- Identify and assess patients who are appropriate for MOUD
- Apply knowledge of buprenorphine to manage patients with OUD
- Build a clinical team that has knowledge, skills and resources to treat OUD

For practices that have a MOUD certified prescriber, the practice team training will equip all staff members with the expertise and tools to support a successful MOUD program within a clinic.

Event Information and Registration

Session 1: Tuesday, February 22, 2022

Session 2: Tuesday, March 1, 2022

Session 3: Tuesday, March 8, 2022

Session 4: Tuesday, March 15, 2022

Session 5: Tuesday, March 22, 2022

11-11:55 a.m. MST

12-12:55 p.m. CST

Who is eligible? Any practice in the state of CO, IA, IL or OK that has at least one provider with a waiver to prescribe buprenorphine or has plans to have provider apply for their waiver in the next six months. Each practice must commit to having staff receive all 5 hours of training on the IT MATTTRs™ curriculum.

Registration is required. After registering, you will receive a confirmation email with webinar access information.
