Alliant Health Solutions

Tuesday, May 24, 2022

2-2:30 p.m. ET | 1-1:30 p.m. CT | 11-11:30 a.m. PT

Event Description:

Join this motivating presentation and discussion to learn from infection preventionists offering their insights from years of experience in healthcare. There can be a steep learning curve for infection preventionists new to the role or starting out in their careers. Learn from a collective group who will offer their words of wisdom that can be put into action to assist in your hospitals' infection prevention and performance improvement of patient care.

Learning Objectives:

- Learn actionable insights from experienced Infection Preventionists
- Gain a better understanding of surveillance techniques and data reporting
- Provide up-to-date infection prevention guidelines

Target Audience: New Infection Preventionists, Quality and Patient Safety Professionals, Clinical Nursing Team

About Hospital Quality Improvement Contractors (HQIC):

The HQIC is a four-year program dedicated to improving behavioral health outcomes with a focus on decreased opioid misuse, patient safety with emphasis on reduction of harm, and care transitions with a focus on high utilizers. HQIC supports rural, critical access hospitals and hospitals that are low performing and serving vulnerable populations.
