

Bivalent COVID-19 Vaccine

Fact Sheet

Ask a Pharmacist Office Hours

1. In addition to including the original COVID-19 viral genetic material, this vaccine also contains mRNA coding for the BA.4 and BA.5 strains.¹
2. A vaccine has been developed by both Pfizer-BioNTech and Moderna.
3. Official guidance has not been released, but it is expected that this vaccine will serve as a single-shot booster.
