

IS YOUR NURSING HOME THE BEST IN CLASS?

As an expansion of Telligen's Blue Ribbon in COVID-19 Vigilance award, BEST in Class recipients will be recognized for promoting patient safety and ensuring each nursing home resident receives high quality care. The criteria for each component of the BEST in Class is listed below. For additional information on this exciting new program, visit telligenqiconnect.com.

B

BLUE RIBBON RECIPIENT

Established in November 2021 and awarded quarterly, the Blue Ribbon in COVID-19 Vigilance award was created for Telligen QI Connect™ participants in order to recognize the efforts that nursing homes have made to prevent the spread of COVID-19.

BLUE RIBBON ELIGIBILITY CRITERIA *

- ✓ Complete Telligen's COVID-19 Preparedness Assessment. It takes less than 5 minutes!
- ✓ Resident up-to-date vaccination rate is 80% or higher
- ✓ Staff up-to-date vaccination rate is 25% or higher

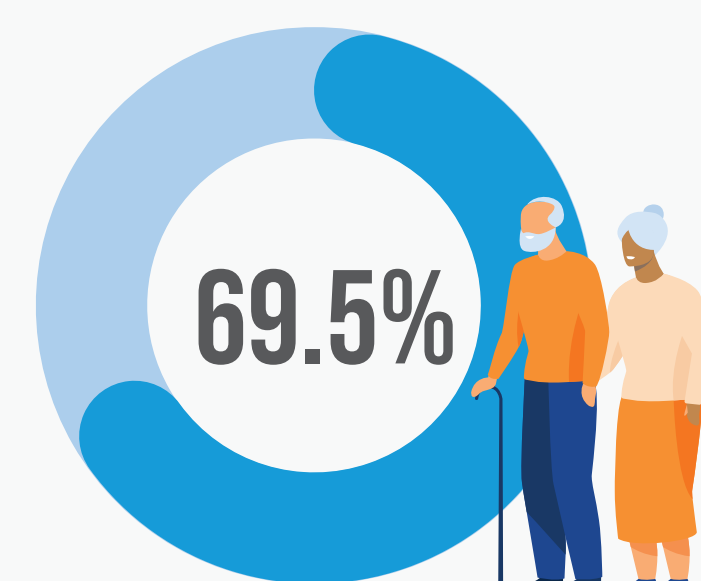

As of August 2023, **584 nursing homes** in Colorado, Illinois, Iowa and Oklahoma have been awarded the Blue Ribbon award!

UP-TO-DATE VACCINATION RATES IN TELLIGEN'S REGION

As of July 28, 2023

Healthcare Personnel
National average: 26.0%

Residents
National average: 63.5%

HOW TO QUALIFY FOR THE (B)EST IN CLASS

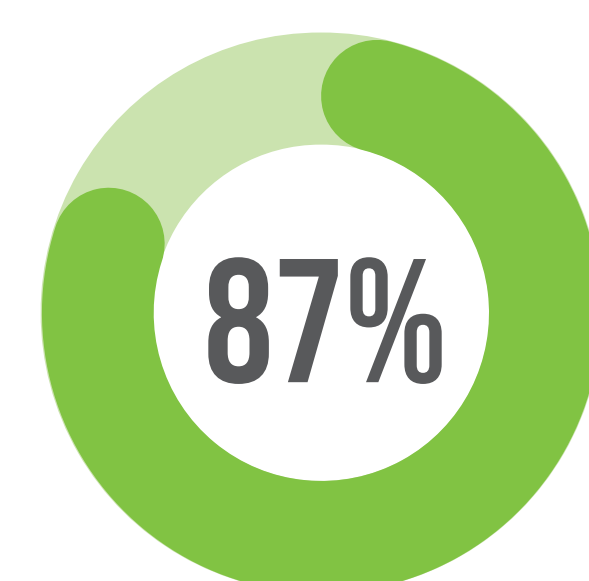

In 2023, nursing homes must receive the Blue Ribbon for three quarters to qualify for the BEST in Class award.

E

EMERGENCY PREPAREDNESS ASSESSMENT

Telligen's Emergency Preparedness Assessment is a comprehensive checklist to evaluate if all required elements are addressed in the Emergency Preparedness Plan (EPP).

EMERGENCY PREPAREDNESS IN TELLIGEN'S REGION

87.4% (1,382) of nursing homes across the region have reported having an Emergency Preparedness Plan to Telligen

13.6% (215) of those nursing homes have completed Telligen's Emergency Preparedness Assessment

“The assessment was good at identifying critical elements of an EPP to ensure they have been met and successfully implemented, as well as addressing those areas that need improvement.”

- Jackie Palmer-Hosey, Assistant Administrator at Sunny Hill Nursing Home

IS YOUR NURSING HOME READY FOR AN EMERGENCY?

If needed, Telligen offers one-to-one technical assistance, resources and support to address any gaps in your current plan.

HOW TO QUALIFY FOR THE B(E)ST IN CLASS

Complete the Emergency Preparedness Assessment to ensure readiness.

S

SAFE STAFF

In order to complete this component, your nursing home must attain a 75% staff completion rate of one of the infection prevention and control trainings listed below:

- Project Firstline
- Relias
- Healthcare Academy
- HealthStream
- Targeted COVID-19 Training of Nursing Homes in the CMS Quality, Safety & Educational Portal (QSEP)

In September of 2023, Telligen will share completion rates. If your nursing home's staff completion rate is less than 75%, Telligen will reach out with customized support and a new date to reach the goal will be established.

NURSING HOME SAFETY IN TELLIGEN'S REGION

60.7% of nursing homes in Telligen's region have at least 75% of staff trained in CMS-approved infection prevention and control trainings as of August 2023

HOW TO QUALIFY FOR THE BE(S)T IN CLASS

Complete Telligen's Infection Prevention and Control Training Attestation.

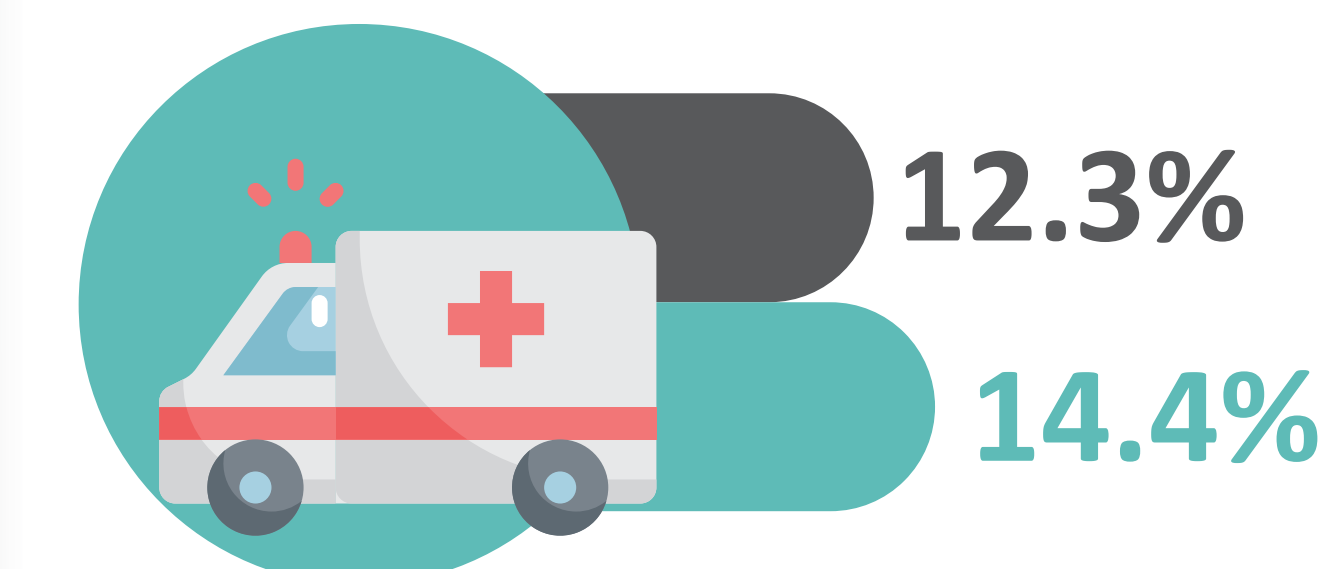

T

TRANSITIONS

Reduce preventable Emergency Department (ED) visits by 5% from baseline or fall within the top 25th percentile of Telligen's enrolled nursing homes, for either long stay or short stay residents.

TRANSITIONS IN TELLIGEN'S REGION (CO, IA, IL, OK) COMPARED TO THE U.S. **

Percentage of **short stay** residents who had an emergency department visit in 2022, according to Care Compare data:

Percentage of **short stay** residents who were rehospitalized after a nursing home admission in 2022, according to Care Compare data:

● National ● Region

**Data Source: Care Compare, July 2023

HOW TO QUALIFY FOR THE BES(T) IN CLASS

Access Telligen's secure portal to view your nursing home's baseline data and track your quarterly progress. If you do not have access to Telligen's secure portal, you can request access by visiting www.telligenqiconnect.com.
