

Telligen is dedicated to supporting **nursing homes** with COVID-19 response & preparedness.

Our team of expert quality improvement facilitators collaborates with your organization to enhance care and reduce burden, saving your organization time and resources.

## Infection Prevention and Control (IPC) Support

Our support is offered at no cost and is customized to your needs.

- ◆ Implement processes and practices (audits, workflows, gap analysis, etc.)
- ◆ Help improve immunization rates
- ◆ Troubleshoot NHSN reporting
- ◆ Visit your organization on-site or virtually to support improvement practices to help prevent the spread of infection
- ◆ Help with finding resources and tools
- ◆ Coaching on how to have effective conversations with staff, residents and their families
- ◆ Connect with pharmacies for vaccination clinics
- ◆ Assist with addressing health literacy and health equity
- ◆ Coaching in QAPI and the use of performance improvement methodology as it relates to infection prevention (data analysis, PIPs, RCA, PDSA, etc.)
- ◆ Strengthen directed plan of corrections (DPOCs) for infection control related tags
- ◆ Collaborate with community partners
- ◆ Define roles and responsibilities in the infection prevention and control program
- ◆ On-demand trainings
- ◆ **Nursing Home Quality Essentials Spotlight: Infection Prevention - twice a week webinars**
- ◆ And more! Contact us today!
